

Schedule: August 2012 to October 2014

Location: US 41 (Mason Street to Memorial Drive)/ WIS 29 (County J to Taylor Street)

Description: This project will complete the reconstruction of the US 41 and WIS 29 interchange, converting the interchange by building high speed, free flow flyover ramps, along with adding capacity to US 41. Included in this project is the construction of 12 bridges, 15 retaining walls, 30 sign bridges, concrete pavement, asphalt pavement, storm sewer, stormwater detention ponds and landscaping, while incorporating many community sensitive design features.

November 3 to November 7: Crews on US 41 completed all pavement markings, joint sealing, and rumble strip installation in both the northbound and southbound lanes. Crews finished all remaining work on Packerland Drive at the WIS 29 ramps, and the WIS 29 / Packerland Drive interchange was reopened to traffic. Fencing crews continued installing fence project wide.

November 10 to November 14: Crews will continue final punchlist work throughout the project. Fencing crews will continue installing fence project wide.

Traffic Impacts: None planned.
